

acc. to OSHA HCS (29 CFR 1910.1200)

Trade Name: Ytterbium Oxide

IDENTIFICATION					
Product Identifier:	Ytterbium Oxi	de			
Synonyms:	Yb ₂ O ₃ , Diytter	bium oxide, Ytterbium(I	II) oxide		
CAS No. / EC No.:	1314-37-0 / 22	1314-37-0 / 215-234-0			
Recommended Use(s	pigments, opt	pplied is intended for us ical property modification nd heat-resistant coating	on of glass, spee		· ·
Use(s) Advised Again	st: Contact manu	facturer if using produc	t outside of rec	ommende	d uses.

3 COMPOSITION/INFORMATION ON INGREDIENTS

Chemical Characterization: substance

acc. to OSHA HCS (29 CFR 1910.1200)

Trade Name: Ytterbium Oxide

Identifier	Chemical Name/Description	GHS Hazard(s)	Wt. %
CAS No.: 1314-37-0	Ytterbium(III) oxide	N/A	> 99
EC No.: 215-234-0	ftterblutt(iii) Oxide	N/A	2 99

Traces of other mineral components may be present as contaminants. Trace mineral contaminants may be hazardous on their own but present in concentrations below reporting and hazard classification levels. Product as sold is not classifiable as a hazardous substance or mixture.

	lable as a nazardous substance or mixture.
4 FIRST AID MEASURES	
General Information:	Seek medical advice if symptoms occur.
After inhalation:	Supply fresh air. Get medical help if symptoms occur.
After contact with eyes:	Not considered to be an eye irritant. Irrigate with large quantities of water for at least 10 minutes. Remove contact lenses if present and easy to do so. Seek medical help if persistent irritation or tissue damage occur.
After skin contact:	Wash thoroughly with soap and water. Seek medical advice if any symptoms occur.
After swallowing:	If swallowed, rinse mouth with plenty of water if affected person is fully conscious. Induce vomiting if affected person is fully conscious. Do not give anything by mouth or induce vomiting in an unconscious person.
Key symptoms and effects, both acute and delayed:	No relevant information available.
Indication(s) of need for immediate medical help:	Any indication of tissue damage, respiratory distress, or distress of the digestiv system from exposure.
5 FIREFIGHTING MEASURES	5
Flash point: N/A	UEL: N/A LEL: N/A
Auto-ignition temperature:	N/A
Extinguishing media:	Product is not flammable. Use any suitable media for the environment in whice the fire or conflagration is taking place. Be mindful of any surrounding flammable/combustible materials. High volume water jet not preferred.
Hazardous decomposition products:	None anticipated.
Firefighting instructions:	Firefighters and other involved individuals should wear self-contained breathin apparatuses and be aware of any flammable/combustible substances involved the fire.
6 ACCIDENTAL RELEASE ME	ASURES
Personal precautions, protective equipment, and emergency procedures:	No special measures required. Per general best practices: wear protective clothing, ensure adequate ventilation, avoid dust formation, use respiratory protective devices when anticipating fumes or dusts, and avoid contact with th eyes and skin where possible.
Environmental precautions:	Prevent from entering drains or water courses. Do not allow to enter soil.

acc. to OSHA HCS (29 CFR 1910.1200)

Trade Name: Ytterbium Oxide

Methods and material for containment and cleanup:	Avoid formation of dust. Pick up mechanically. Ensure adequate ventilation. Store in suitable receptables for recovery or disposal. Verify compliance with local regulations for waste disposal.
Other information:	See Section 7 for additional information on safe handling. See Section 8 for additional information on personal protective equipment. See Section 13 for additional information on disposal.
Protective Action Criteria for Chemicals:	PAC-1: 30 mg/m ³ PAC-2: 330 mg/m3 PAC-3: 2,000 mg/m3
7 HANDLING AND STORAGE	
Precautions for safe handling:	Wear protective clothing. Prevent formation of dust. Any deposit of dust which cannot be avoided must be regularly removed. Provide suction extractors if dust is formed. Handle only in well-ventilated areas. Avoid product contact with the eyes or skin. Wash hands and face after handling.
Information about protection against explosions and fires:	No special measures required.
Requirements for storerooms and receptacles:	Storage should occur in cool, dry, well-ventilated areas.
Information regarding storage in common storage facility:	No special measures required.
Further information about storage conditions:	No additional information available.
8 EXPOSURE CONTROLS / P	ERSONAL PROTECTION
Applicable component occu	pational exposure limits requiring monitoring at the workplace:
Product does not contain an quantities.	y materials with critical values requiring workplace monitoring at relevant
Additional limit information:	No additional information available at time of document authoring.
Engineering controls:	Ensure good ventilation in the workplace.
Risk management:	No special measures required.
PERSONAL PROTECTIVE E	·
Breathing equipment:	Use suitable respiratory protective devices when high dust levels present.
Hand protection:	Wear protective gloves to ensure against mechanical hazards.
Eye protection:	Wear safety glasses or goggles to protect against eye exposure.
Body protection: 9 PHYSICAL AND CHEMICAL	Wear general protective work clothing.
Physical state:	Solid powder
Color:	White/Beige
Odor:	Odorless
Release: March 16, 2023	Page 3 of 7

acc. to OSHA HCS (29 CFR 1910.1200)

Trade Name: Ytterbium Oxide

Odor threshold:	N/A
pH:	6 - 8 in 250 g/L product-in-water suspension
Melting/Freezing point:	4271°F (2355°C)
Initial boiling point:	No data available
Boiling point range:	No data available
Flash point:	No data available
Flammability:	Not ignitable
Upper explosive limit:	N/A
Lower explosive limit:	N/A
Auto-ignition temperature:	N/A
Evaporation rate:	N/A
Vapor pressure:	N/A
Vapor density:	N/A
True density:	9.152 g/cm ³
Water solubility:	0.000269 g/L
Partition coefficient:	N/A
Kinematic viscosity:	N/A
Particle characteristics:	Granule size: variable
10 STABILITY AND REACTIVIT	ГҮ
Thermal decomposition / conditions to be avoided:	No known thermal decomposition effects.
Hazardous reaction potential:	No known hazardous reactions. Product is highly chemically stable.
Incompatible materials:	No relevant information available.
Hazardous decomposition products:	No known hazardous decomposition products.
Other Information:	No additional information available at time of document authoring.
11 TOXICOLOGICAL INFORM	ATION
Component LC ₅₀ /LD ₅₀ values	s relevant for classification:
Ytterbium(III) oxide, CAS No	
LD ₅₀ , Oral (ra	t): > 2,000 mg/kg
LC ₅₀ , Inhalati	on (rat): > 1.31 mg/L
Probable routes of exposure:	
Effects on skin:	No relevant effects known
Effects on eye:	No relevant effects known
Inhalation effects:	No relevant effects known
Ingestion effects:	No relevant effects known
Sensitization effects:	No relevant effects known
Subacute/chronic toxicity:	No relevant effects known

acc. to OSHA HCS (29 CFR 1910.1200)
